

MEHEDI HASAN NAHID

153 University Avenue, St John's, NL A1B1Z6
709-685-2331 | mhnaid@mun.ca | [linkedin](#) | [github](#) | [PortfolioWebsite](#)

EDUCATION

Memorial University of Newfoundland
BSC, Computer Science, CGPA 3.0/4

St John's, NL, CA
Sep. 2019 - Present

SKILLS

Languages: JavaScript, Java, Python, HTML, CSS
Libraries and Frameworks: Git, NodeJS, React, MongoDB, jQuery, Bootstrap

PROJECTS

Portfolio Website ([WebSiteLink](#))

JavaScript, HTML, CSS

- * Deployed an innovative and responsive website showcasing my portfolio.
- * Implemented modern UI and used JavaScript to make the website interactive.

Covid Data Client Side(Academic Project) ([Github](#))

jQuery, JavaScript, HTML, CSS

- * Designed intuitive interface for accessing Canadian COVID data in a MongoDB database.
- * Modified server operations to support C(R)UD, CR(U)D, CRU(D), and RANGE functionalities.
- * Implemented functionality for users to retrieve, update, and delete records for a specified date with limited field modification.

Canadian COVID Data Server with CRUD Operations (Academic) ([GitHub](#))

Express, JavaScript, MongoDB

- * Developed a JavaScript server to access a MongoDB database containing Canadian COVID data.
- * Performed standard CRUD operations.
- * Utilized Express framework to define HTTP routing endpoints and promises/async/await for optimal performance.
- * Mapped data records from the database to JavaScript objects using a JavaScript class in the model folder.

WORK EXPERIENCE

Exam Proctor

Jan. 2021–Apr. 2021

Department of Mathematics, Memorial University

- * Invigilated candidates while testing.
- * Checked in testing candidates, verified identification, and explained the exam process.
- * Reported any suspicious activity according to protocols.

Assistance in experiment and equipment setup

Jan. 2021–Apr. 2021

Department of Psychology (Neuroscience), Memorial University

- * Performed data mining from the database.
- * Formatted data and represented it in an Excel sheet.
- * Used Python for data manipulation.

Customer Service Specialist

Apr. 2020–Apr. 2022

Walmart, Kelsy Drive, St John's, NL

- * Worked on zoning and merchandise recovery.
- * Applied security and loss prevention training to recognize risks and reduce store theft.
- * Assisted customers in finding products.

Leadership and Student Group

Volunteer: Skill Share Series, Student Volunteer Bureau

Member: Google Developer Student Club, MUN CS Society, MCE Community Member
